Work Experience

Analyst Oct 2023 – May 2026

World Bank Group Treasury - Advisory & Knowledge (TREPK) *Washington, DC*

- **Research:** Contributed data cleaning and preparation for a 21-year empirical study on sovereign bond portfolio optimization under joint biodiversity and climate objectives; work acknowledged in Bouyé, Deguest & Jurczenko, *"Biodiversity and Climate: Friends or Foes?"* (Sustainable Finance Alliance, 2024). [Paper].
- **Research:** Analyzed the relationship between biodiversity loss and sovereign bond yields across 34 economies using fixed-effects GMM, identifying biodiversity risk as a measurable factor in sovereign risk pricing.
- **Data Management:** Managed end-to-end data collection, validation, and reconciliation for applied knowledge products (e.g., 2025 RAMP Survey), delivering standardized, reporting-ready datasets across 130+ institutions.
- **Benchmarking Analysis:** Conducted peer benchmarking using institutional financial and operational data to equip subject matter experts (SMEs) for mission preparation and advisory engagements.
- **Dashboard Development:** Built and automated a Power BI dashboard for quarterly performance monitoring, integrating CRM, CMP, and SAP data to track learning trends and outcomes across 10,000+ training participants.
- **Dashboard Development:** Led development of an SAP-integrated monitoring dashboard supporting monthly resource allocation reviews and annual planning cycles, improving transparency and portfolio-level oversight.
- **Cross-Function Support:** Analyzed survey data to identify WBG geospatial capacity gaps and resource needs, producing briefs and presentations that supported the Lead Innovation Economist (WKCIN) in developing the Geospatial Action Plan.
- **Training & Capacity Building:** Delivered technical workshops on programming fundamentals to 100+ participants from central banks, trust funds, and partner institutions.

Summer Intern May 2023 – Sep 2023

World Bank Group Treasury – Rotational Assignments (TREPK, TREFT, TRERC) *Washington, DC*

- **TREPK:** Consolidated and analyzed multiple climate risk indices (*ND-GAIN*, *CCPI*, *EPI*, *Germanwatch CRI*) using Python to create a harmonized dataset, supporting comparative assessment of climate adaptation-relevant indicators.
- **TREFT:** Produced a technical report on Central Bank Digital Currency (CBDC) developments in Asia-Pacific region.
- **TRERC:** Built an Excel VBA risk model that auto-scored 70% of entitlement roles based on access privileges.

Research Assistant Jun 2022 – Sep 2022

George Mason University *Fairfax, VA*

- Built and analyzed a multi-source spatial dataset using tree-based models (XGBoost) and regression methods (OLS, MGWR) to identify 18 factors associated with breast cancer mortality, discovering substantial spatial dependencies ($R^2_{adj} = 0.5$).
- Findings contributed to a peer-reviewed publication in JAMA Network Open (see Publication below).
